

My Field of the Living World of Nuo

— The Spirit Garden-home —

HUANG Qingxi

Abstract : Folklore's field is a necessary stage to understand the peculiar local knowledge. It is also the place in which researchers make their acquired knowledge legalization. China home-folklore's field has slowly become a new concept and study modality in China folklore's field. So, we can expain and consider the practice and theory about folklore's field based on the frames of reference and methods, integrating the researchers' experience in the field. Thus, we can provide some beneficial help for folklorists who undertake the home-folklore's field. Researchers arrived at the highest realm about folklore's field — owned themselves spirit garden-home if they can achieve the realm which researchers enjoyed the field during well-knit it. And this is the most precious of the folklore's field. Now, let me illuminate the point with the example about the Shi-you Nuo's field.

Key-words : Shi-you Nuo; the living world; folklore's field; the spirit garden-home
